DELAY IN RAILROAD WORK

So no interesting information about the Snake—Young Man Drowned at Wilmington—Senator Butler and Others Disseminating Anti-Democratic Literature—Four Generations Represented at the Same Table—Charlotte the Centre of Textile Activity.

(Special to Virginian-Pilot.)

Raleigh, N. C., July 14.—As yet no work has been done on the Raleigh and Eastern Railroad, which a year ago it was hoped would begin operation by the end of the present summer. It is said that the cause of the delay is that the promoters desire to have the legislature so amend the charter that townships may make subscriptions. The road would develop the best farming section of Wake, reach large pine timber tracts and prove a money-maker from the start, no doubt.

ABOUT SNAKES.

A little over two weeks ago a black snake bit Curator Brimley, of the State Museum. The bites have become more in the last day or two and the hands are swollen. The black snake has no poison and Mr. Brimley thinks this snake had had in its mouth. There are poison glands in the skin of toads. Ordinarily the bite of black snakes, give no trouble. By water inoculation, it is meant the ordinary sort. There is a black species, the cotton-mouth found in the eastern counties, and by many people there called the "swamp lion," which is not only very deadly, but savage as well, and attacks people fearfully.

DROWNED.

W. A. Bryan, a member of the crew of Captain Mack Jones' phosphate barge, was drowned opposite Queen street dock, Wilmington, at 6:30 o'clock last night. He had just returned to the barge from Queen street where he had been to carry Captain Jones ashore, and tied up his yawl to the barge, when it broke loose and was drifting away. Bryan jumped into the river after the yawl and was unable to overhaul it. He became exhausted and powerless to rescue him. An unusually strong tide made it impossible for Mr. Bryan to buffet it successfully. Mr. Bryan is about 25 years of age and leaves a wife and one child.

REPUBLICAN LITERATURE.

The Greensboro Telegram says that a local Republican leader in Jamestown township, Guilford county, who was opposed to the amendment, has decided to support it. He was convinced that the measure was right by reading anti-republican literature sent him by the Greensboro Telegram. There is no doubt that the incendiary and lying literature sent out by the Black-and-Tan party will make hundreds of votes for the amendment. It is enough to disgust decent white men.

It is known in Raleigh that Senator Butler is this week sending out thousands of confidential circulars in which he alleges that the form of oath in the constitution does not conform to that in the constitution and that the Populists to demand that the latter be administered to them. This is what he also said in his newspaper last week.

FOUR GENERATIONS.

Rev. H. L. Powell, while on his circuit in Virginia, stopped with one of his church members whose father, grandfather and great-grandfather live with him in the same house and eat at the same table. Four generations of the same family together is not often found.

CHARLOTTE A CENTER.

A special from Charlotte says: A mill man connected with a prominent textile house here says to-day that ninety per cent. of the mill and textile supplies are being furnished throughout the entire South from this point as a center. Charlotte and Providence, R. I., are about equally dividing the mill and textile business. The local textile houses here are so proud that they have sold even now a whole year ahead, and orders are still coming.

There are about eight firms here which do mill designing work and several others handling mill supplies in connection with this work.

HALIFAX.

(Special to Virginian-Pilot.)

Halifax, N. C., July 14.—And still the "marriageables" come to be joined in wedlock when twins are made one. On Tuesday Mr. S. D. Gibbs and Miss M. L. Moody, of Virginia, arrived in town on the noon train, and as soon as the necessary credentials were procured, in the parlor of the Sater Hotel, Justice W. A. Wilcox joined together the parties above named. The magnificence of the Justice's own original way in joining these couple seems to have drawn another couple yesterday, and Mr. A. A. Alley and Miss Lillian Tucker, of Petersburg, arrived in town, and the paper was soon procured which legalized the ceremony, and they were joined for life. They were both well dressed, and made a highly respectable couple. The bride was married with her hat off, and the nonchalance of her air showed no excitement or embarrassment. The groom was equally as cool and collected.

DOUBLES AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disgusting diseases.

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

Baneful Boils

Mr. R. M. Pratt, Cave, S. C., writes: "My family was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe the suffering part of the time when my wife and I were kept several days in bed, and I tried all the so-called blood remedies, but nothing seemed to do any good. During the summer of 1895 I was persuaded to try S. S. S., and after taking several bottles entirely cured, and have had no return of these painful pests up to the present time."
